

Automec CNC150 Promotion

PURCHASE AUTOMECS 2 MOST POPULAR COMPLETE SYSTEMS AT A 20% DISCOUNT.

We have an overstock on our 2 most popular CNC gauging systems: The CNC150/B with Category 1 Ram Axis and CNC150/HD (Heavy Duty) with Category 1 Ram Axis. Remember Category 1 is for most North American made hydraulic pressbrakes which use microswitches to set the ram stroke (i.e. Standard Industrial, Pacific, Niagara, Hydrapower, Cinn FM, Cinn CB, Accurpress, Allsteel and HTC).

Advantages of CNC150 Systems

- Current technology with reduced size
- Simple to use
- Membrane style keyboard
- 150 job memory
- 20 bends per job
- Parts counter
- 2-axis features reversal at pinch point
- Self diagnostics
- 2-year warranty
- Quick reference calibration

CNC150 Limited Time Offer:

	Regular Price	Special Limited Offer
CNC150/B Cat 1	\$14,705	\$11,764
CNC150/HD Cat 1	\$16,535	\$13,228

All prices are quoted in US Dollars
F.O.B. Waltham, MA, USA
Installation, Brokerage, shipping and Applicable Taxes are extra

Take advantage of this opportunity because we have never come close to this type of discount and it will only last until our overstock is reduced.

For pressbrakes with 4' to 14' between the sideframes.

We are only offering this deal on these 2 models but if you have another requirements, please talk to NMS or to your Automec dealer. We are motivated and willing to get us through these tough economic times.
